

Installation Instructions

Model number: WM1201

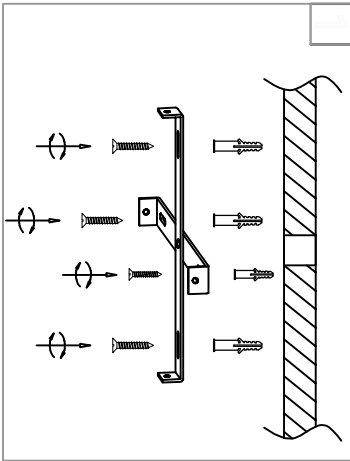

Warning:

This product must be installed by personnel who are familiar with its structure and related hazards. In accordance with the installation specifications. This product is suitable for indoor installation.

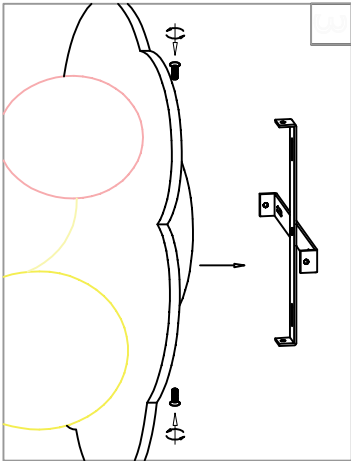

Product style diagram

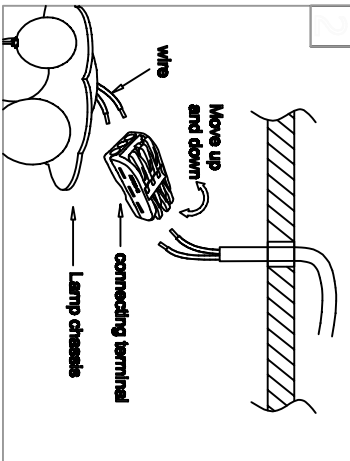

Steps of installation

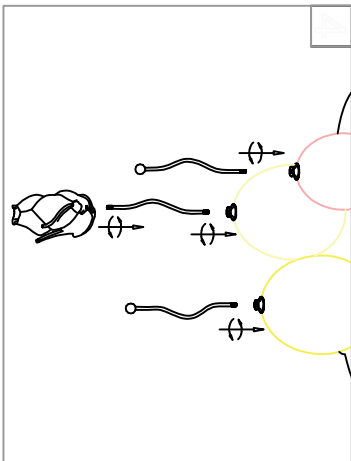

Fix the mounting plate to the ceiling using self-tapping screws.

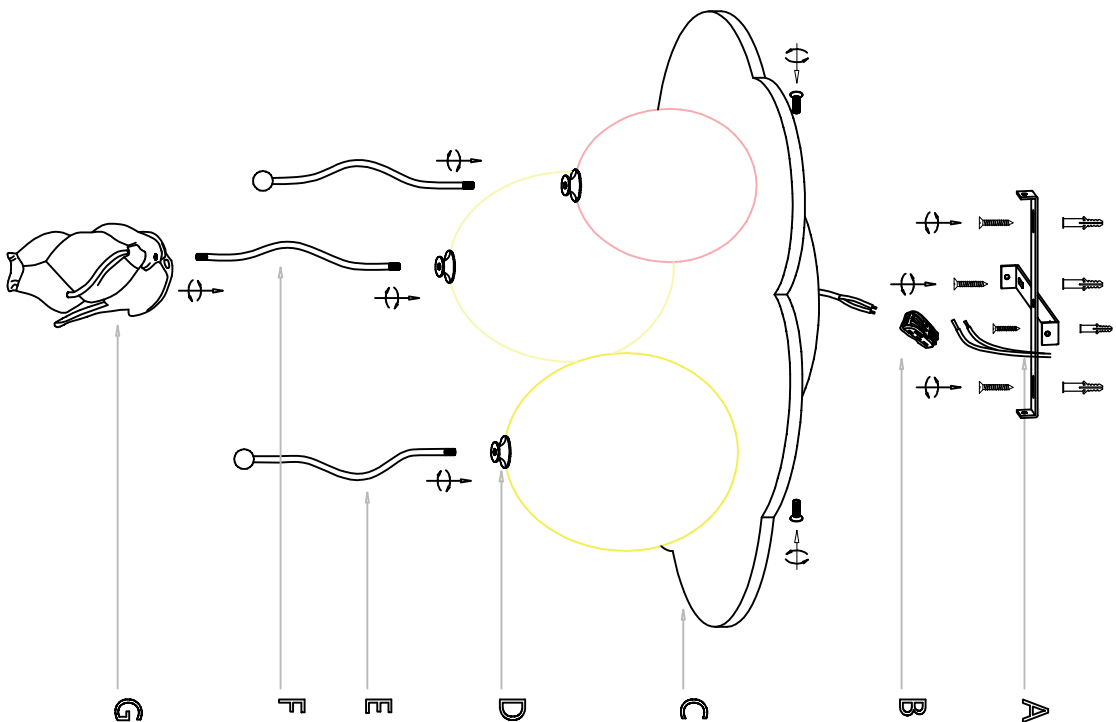

Align the holes on the top cover with the holes on the mounting plate, and then secure them with screws.

Connect the wires inside the luminaire and ceiling to the terminal, usually neutral wire (white), hot wire (black).

Install the cylinder and cylinder onto the balloon, and then install the doll onto the cylinder.

First, install the mounting plate (A) onto the ceiling. Then, using the terminal blocks (B), connect the wires of the lamp body disc (C) to the wires on the ceiling. Next, align the holes on the lamp body disc (C) with the holes on the mounting plate (A), and tighten the screws. After that, install the cylinder (E) and cylinder (F) onto the balloon (D), and then install the doll (G) onto the cylinder (F).
