

Installation Instructions

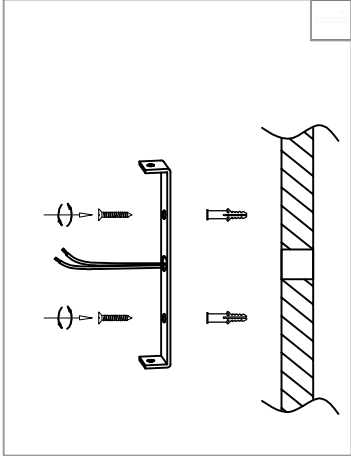

Model number: WM2056

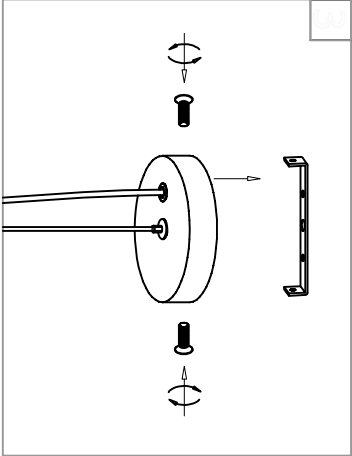

Warning:

This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications. This product is suitable for indoor installation.

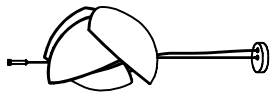

Steps of installation

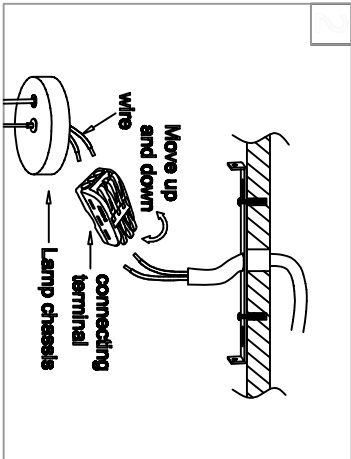

Install the mounting plate onto the ceiling.

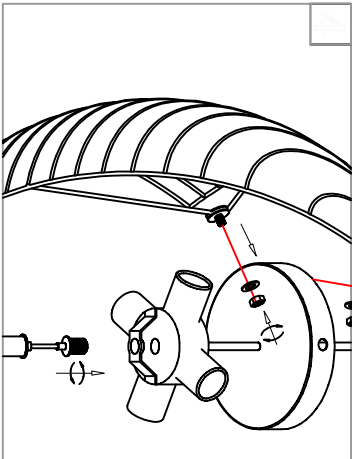

Align the holes on the lamp body disc with the holes on the mounting plate, and tighten the screws.

Product style diagram

Thread the wires through the locking head of the disc, adjust the length, tighten the screws, and correct the wires on the terminal block to the wires on the ceiling.

Install the bulb onto the lamp cap.

First, install the round tube (J) onto the metal bracket beneath the lamp head (I), then attach the bulb to the lamp head (I). Next, align the threaded tube of the lamp cover (F) with the hole of the disc (G), and tighten the nut. Then, thread the wires through the holes of the lamp cover (E) and the side of the nut (D), and tighten the nut (D). Next, thread the metal wire of the nut (D) through the locking head of the top cover (C), adjust the length, and then thread the wires through the hole of the top cover (C). Then, fix the mounting plate (A) to the ceiling. Afterwards, use the terminal block (B) to connect the wires on the top cover (C) to the wires on the ceiling. Next, align the holes of the top cover (C) with those of the mounting plate (A), and tighten the screws.
