Steps of installation

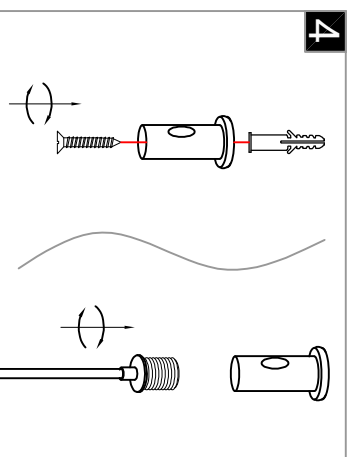

Install the mounting plate onto the ceiling.

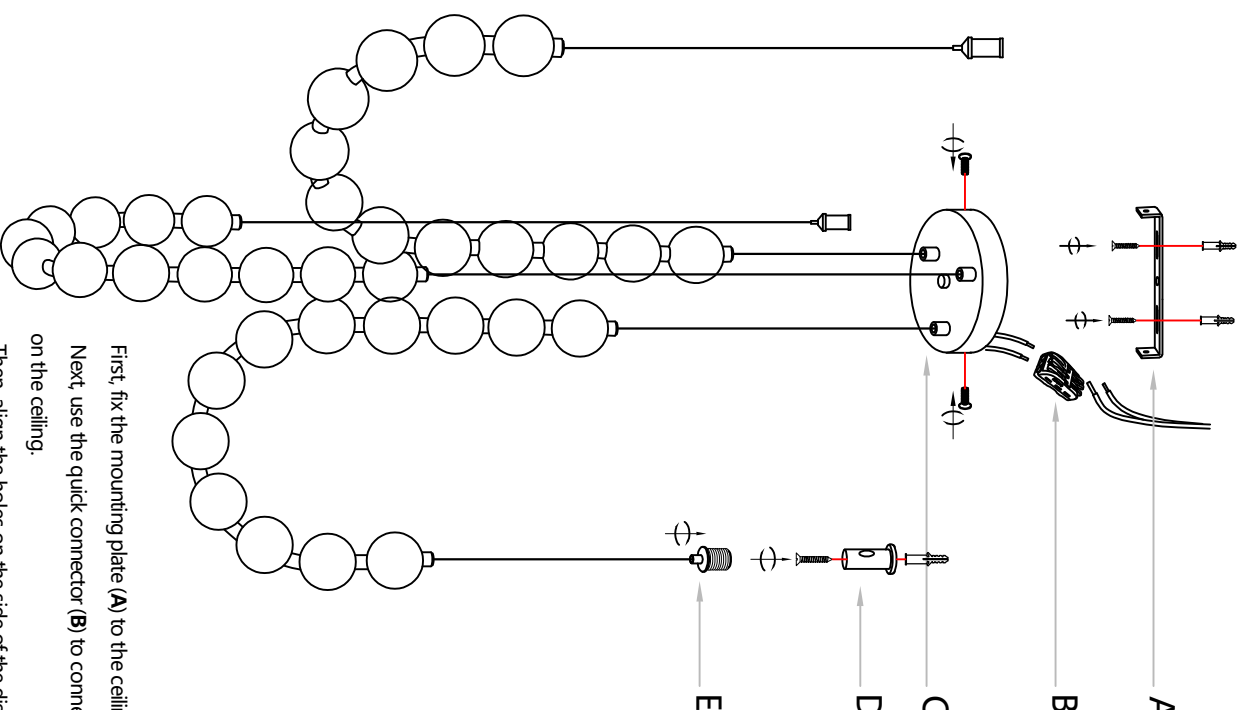

Use the quick connector to connect the wires of the disc to the wires on the ceiling.

Align the holes on the side of the disc with the screw holes on the mounting plate, and tighten the screws.

position the steel wire vertically against the ceiling, mark the location, then use screws to fix the T-shaped cylinder at the marked position on the ceiling, and then thread the steel wire on the T-shaped cylinder through the holes on the side of the fixer, and tighten the fixer

First, fix the mounting plate (A) to the ceiling.

Next, use the quick connector (B) to connect the wires of the disc (C) to the wires on the ceiling.

Then, align the holes on the side of the disc (C) with the screw holes of the mounting plate (A), and tighten the screws.

Next, position the steel wire vertically against the ceiling, mark the location, then use screws to fix the T-shaped cylinder (D) at the marked position on the ceiling, and then thread the steel wire on the T-shaped cylinder (D) through the holes on the side of the fixer (E), and tighten the fixer (D)
