

Warning:

This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications. This product is suitable for indoor installation.

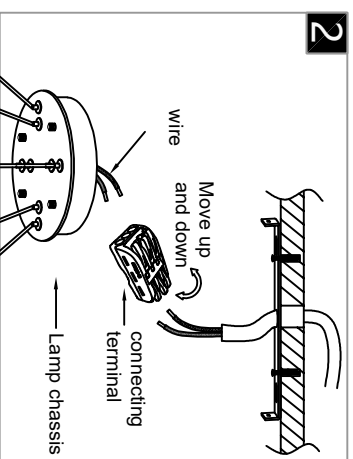

Product style diagram

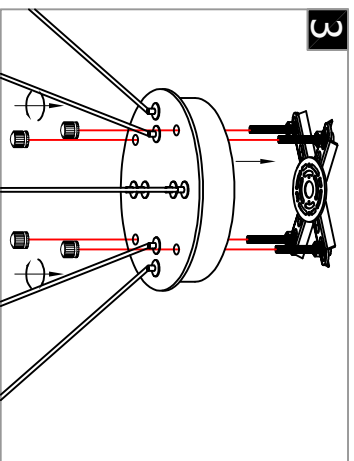

Steps of installation

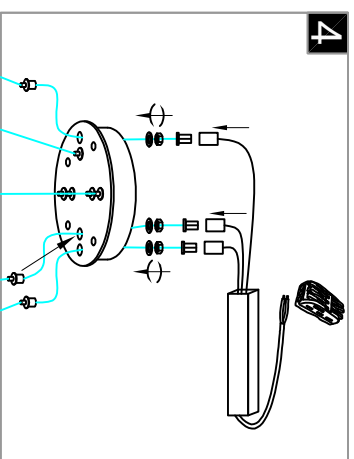

Fix the mounting plate to the ceiling.

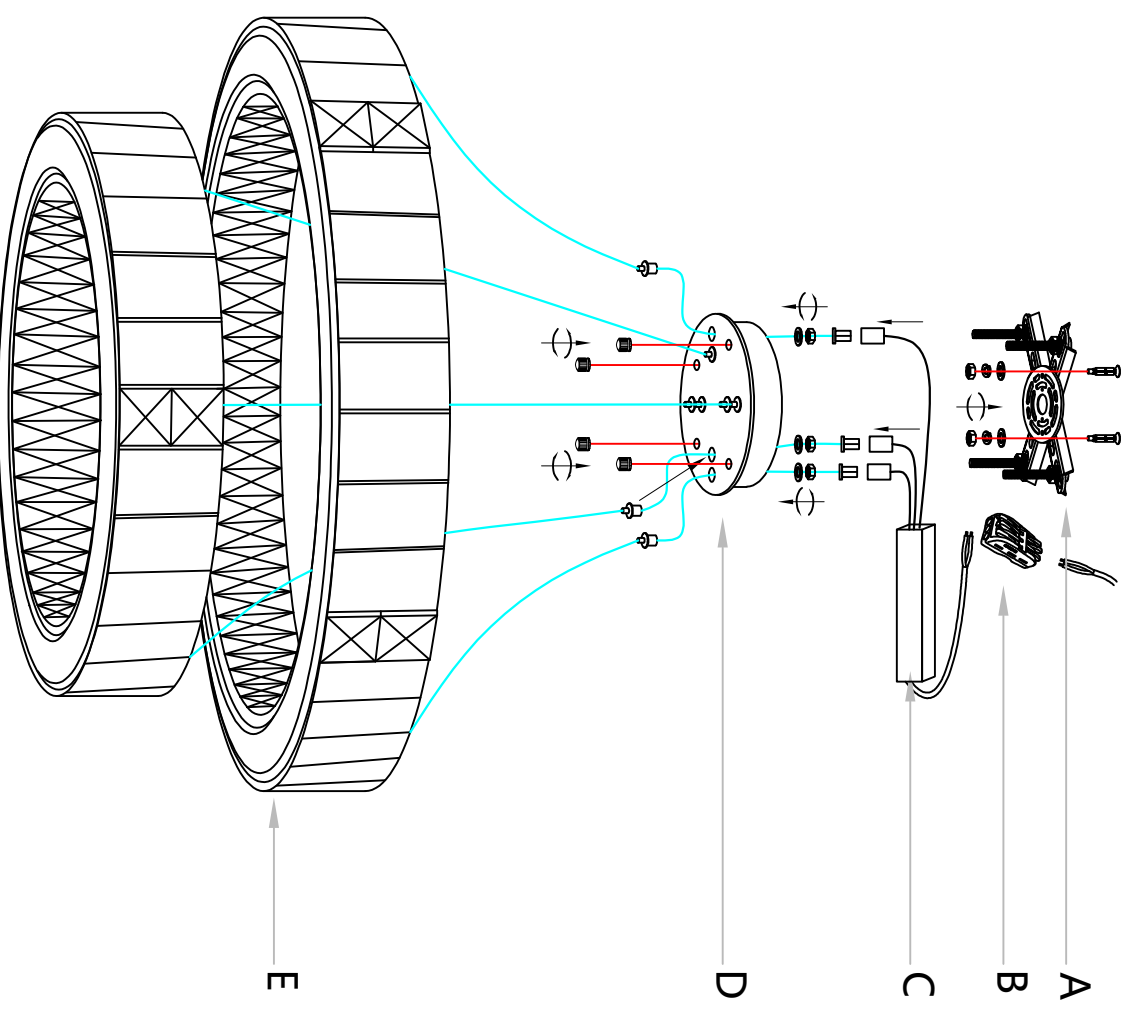

Use the quick connector to connect the power cord inside the disc to the wires on the ceiling.

Align the holes at the bottom of the disc with the threaded rod on the mounting plate, and tighten the nut.

Pass the wires of the lamp body through the holes of the disc, tighten the nuts, and connect the wires of the lamp body to those of the power supply.

First, fix the mounting plate (A) to the ceiling.

Next, pass the wires of the lamp body (E) through the holes of the disc (C), tighten the nuts, and connect the wires of the lamp body (E) to those of the power supply (C).

Then, use the quick connector (B) to connect the wires of the power supply (C) to the wires on the ceiling.

After that, align the hole at the bottom of the disc (C) with the threaded rod on the mounting plate (A), and tighten the nuts.
