Steps of installation

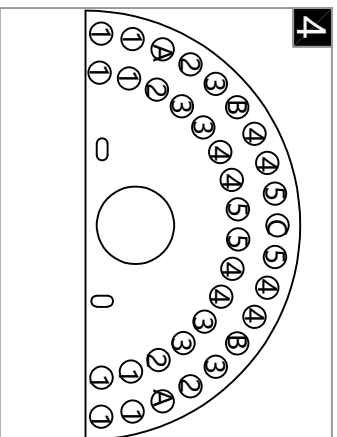

Install the mounting plate onto the wall.

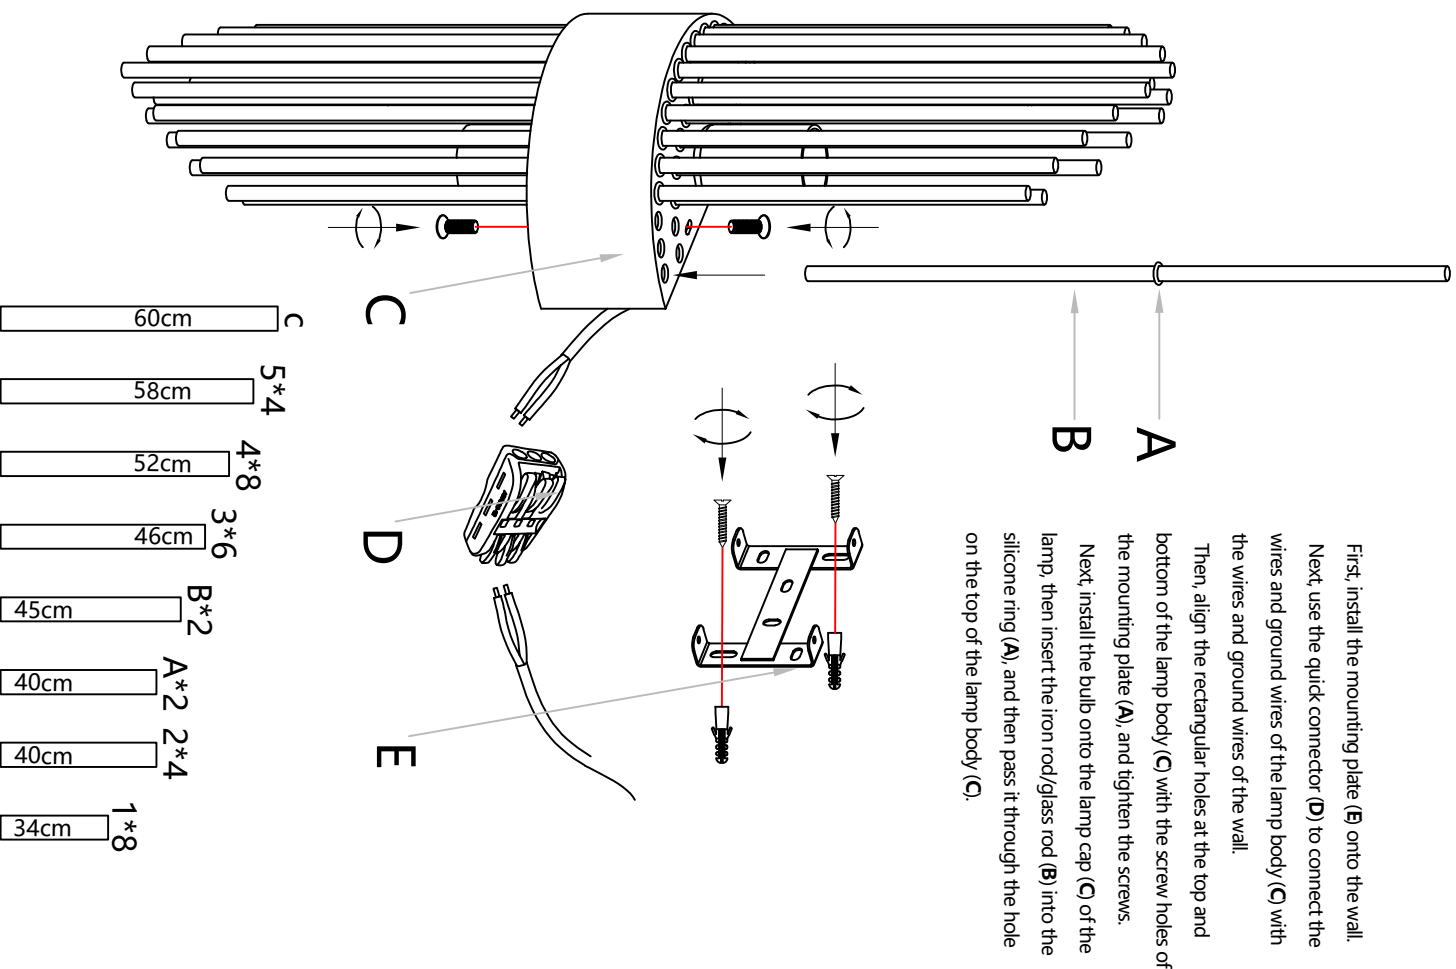

Use the quick connector to connect the wires and ground wires of the lamp body with the wires and ground wires of the wall.

Align the rectangular holes at the top and bottom of the lamp body with the screw holes of the mounting plate, and tighten the screws.

Install the bulb onto the lamp cap of the lamp, then insert the iron rod/glass rod into the silicone ring, and then pass it through the hole on the top of the lamp body.

First, install the mounting plate (B) onto the wall.
Next, use the quick connector (D) to connect the wires and ground wires of the lamp body (C) with the wires and ground wires of the wall.
Then, align the rectangular holes at the top and bottom of the lamp body (C) with the screw holes of the mounting plate (A), and tighten the screws.
Next, install the bulb onto the lamp cap (E) of the lamp, then insert the iron rod/glass rod (B) into the silicone ring (A), and then pass it through the hole on the top of the lamp body (C).
