Steps of installation

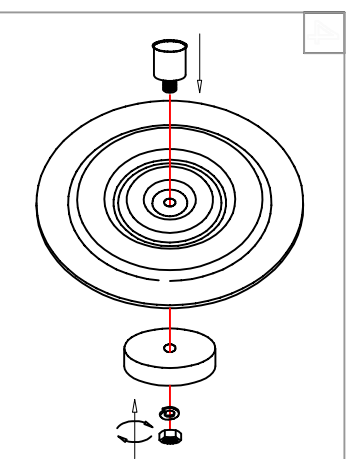

Install the mounting plate onto the wall.

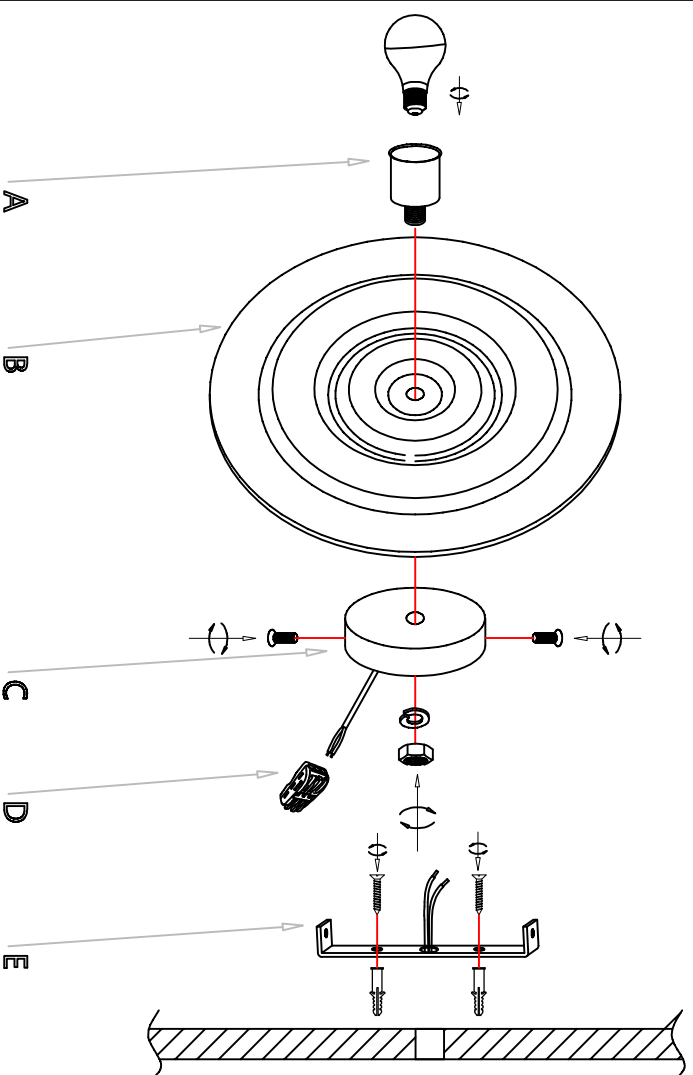

Align the holes on the disc with those on the mounting plate, and then tighten the screws. Finally, install the bulb onto the lamp cap.

Use the terminal blocks to connect the wires of the top cover to the wires on the wall.

Insert the threaded tube of the lamp cap through the holes of the lamp body and the disc, and then tighten the nut.

First, insert the threaded tube of the lamp cap (A) through the holes of the lamp body (B) and the disc (C), and then tighten the nut. Next, fix the mounting plate (D) to the wall. Then, use the terminal blocks (E) to connect the wires of the disc (C) to the wires on the wall. After that, align the holes on the disc (C) with those on the mounting plate (D), and then tighten the screws. Finally, install the bulb onto the lamp cap (A).
