Product style diagram

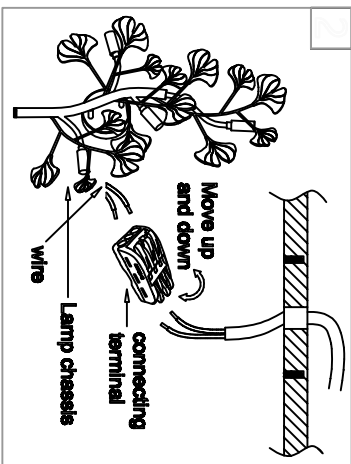

Steps of installation

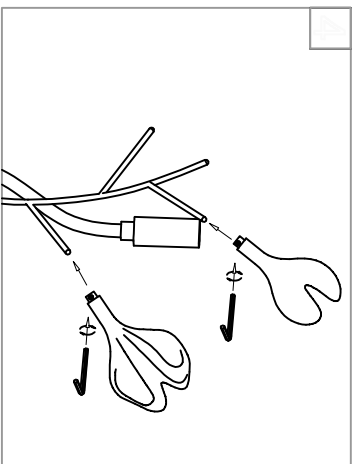

Install the mounting plate onto the wall.

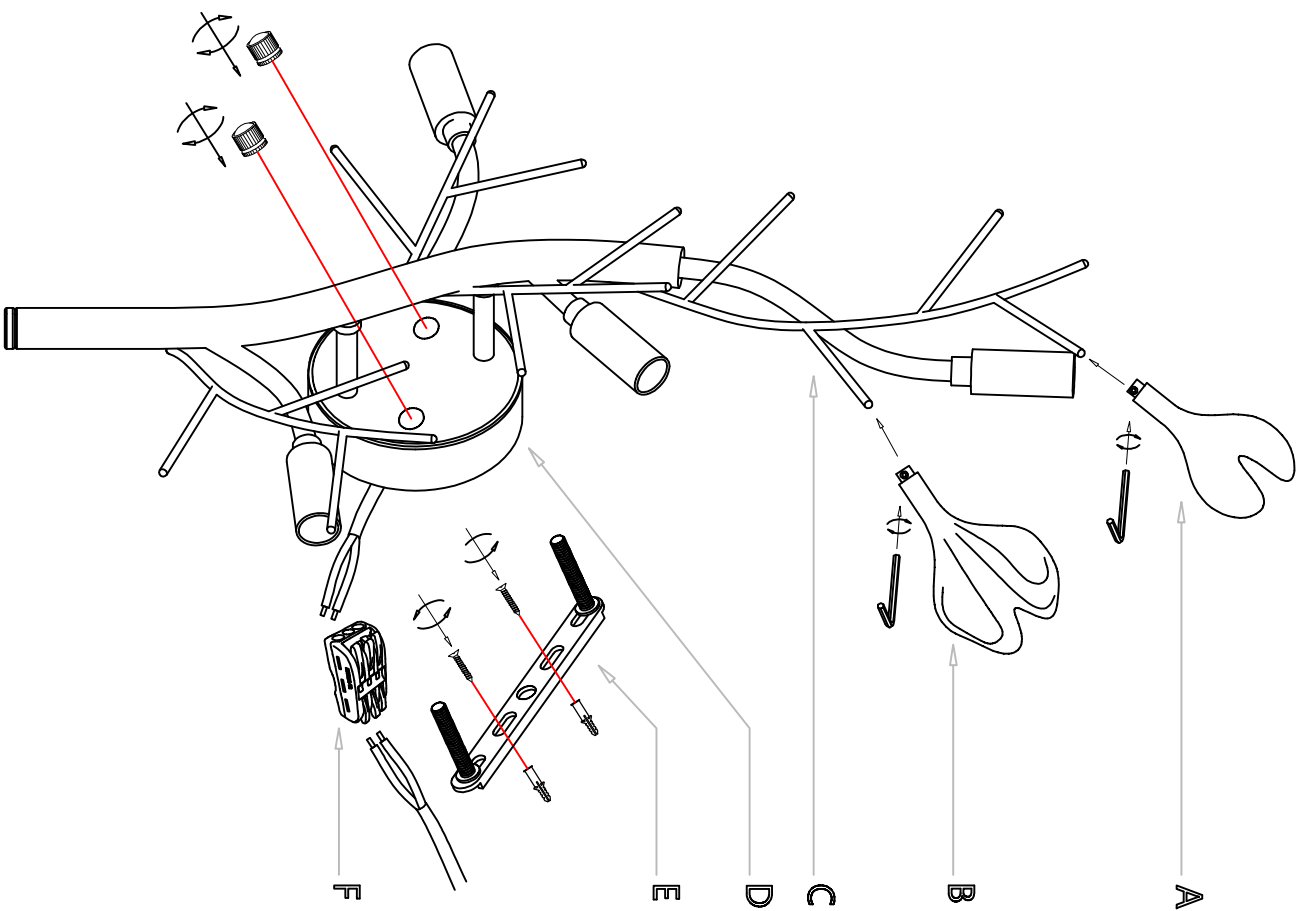

Align the holes of the lamp body with the threaded rods on the mounting plate, and tighten the nuts.

Use the terminal blocks to connect the wires of the top cover to the wires on the wall.

Install the bulb onto the lamp head, and then insert the small lampshade and the large lampshade into the cylinder, and tighten the screws with a wrench.

First, install the mounting plate (③) onto the wall. Then, using the terminal blocks (⑦), connect the wires on the disc (⑩) to the wires on the wall. Next, align the holes of the disc (⑩) with the threaded rod on the mounting plate (③) and tighten the nut. Finally, install the bulb onto the lamp head, and then insert the small lampshade (①) and the large lampshade (②) into the cylinder (④), and tighten the screws with a wrench.
