**Steps of installation**

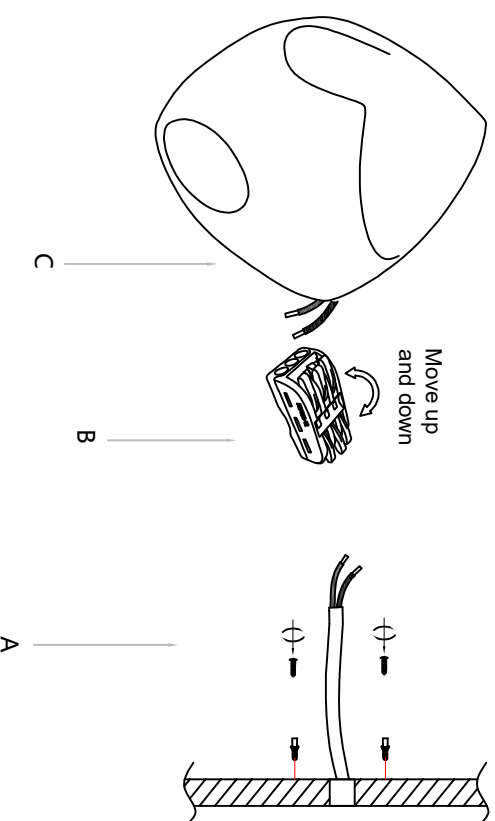

Fix the self-tapping screws to the wall

Then connect the reserved wire on the lamp body and the reserved wire on the wall to the terminal.

Attach the screws at the rear hole of the lamp body to the screws on the wall.

First, fix the self-tapping screws (A) to the wall. Then connect the reserved wires on the lamp body (C) with the reserved wires on the wall and the junction box (B). Next, hang the hole at the rear of the lamp body (C) onto the screws on the wall.
