

Warning:

This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications. This product is suitable for indoor installation.

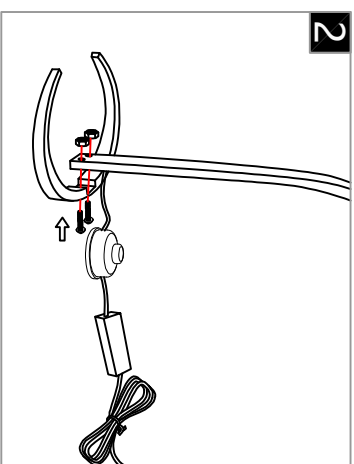

Product style diagram

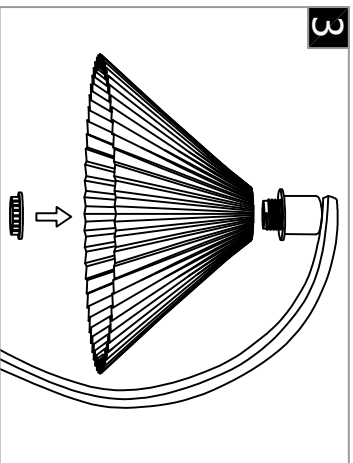

Steps of installation

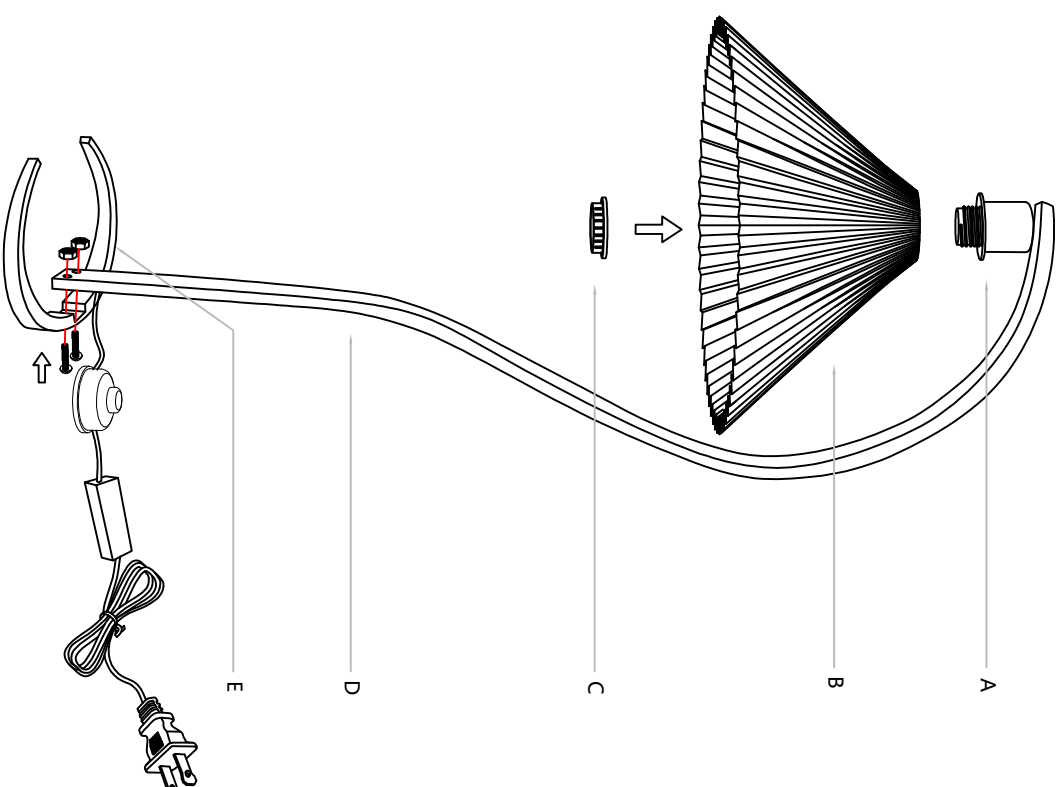

Place the lampshade flat on the table, with the smooth side facing upwards. Then, insert the lamp head bracket into the lampshade and flip it upwards to complete the installation.

Install the lamp body pole onto the lamp body base, and then secure it with screws.

Install the lampshade onto the lamp head of the connecting rod, and then secure it with the lamp head ring.

First, assemble the lampshade (B), then install the lamp body pole (D) onto the lamp body base (E), then secure it with screws. Finally, install the lampshade (B) onto the lamp head (A), and lock it with the lamp head ring (C).
