Product style diagram

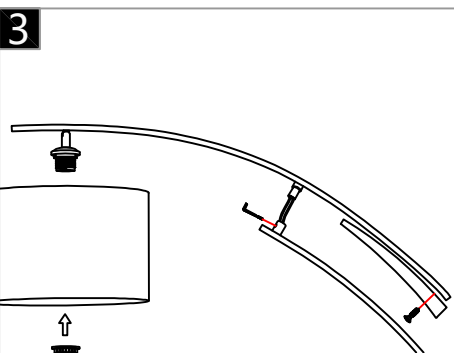

Steps of installation

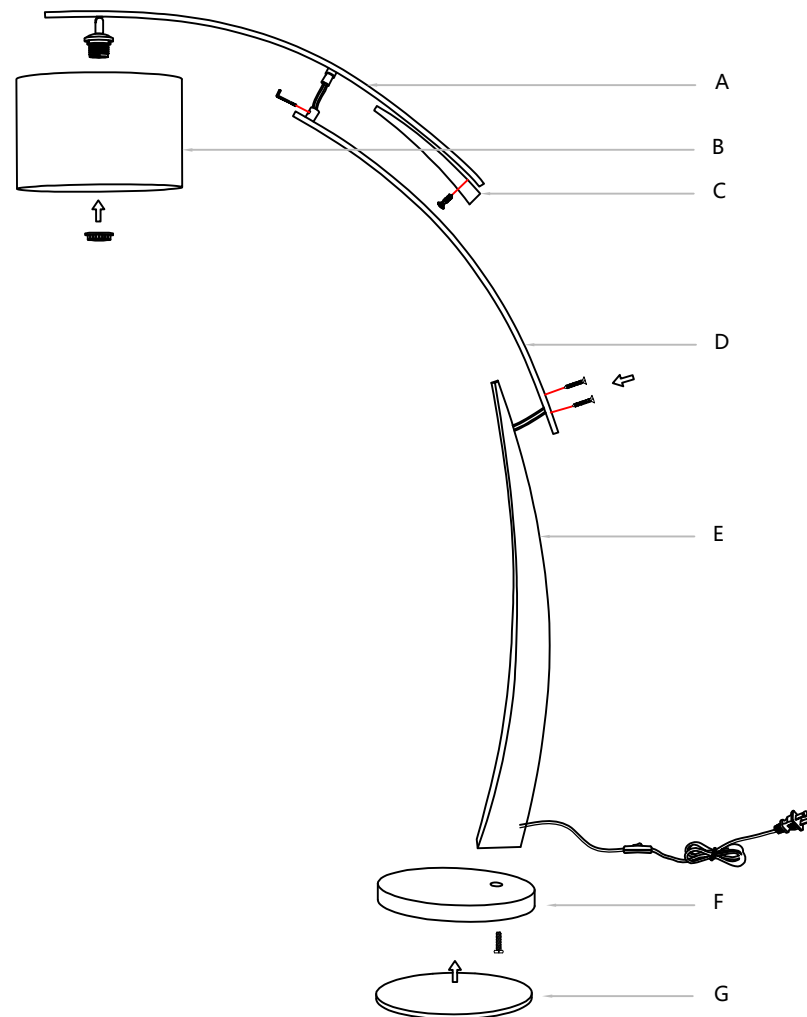

Install the lamp body bracket onto the chassis, then secure them with screws, and finally attach the anti-slip pads to the chassis.

Lock the connecting rod onto the lamp body bracket

Install the decorative pieces onto the upper connecting rod (A), then fix the upper connecting rod onto the lower connecting rod. Finally, secure the lampshade to the lamp head of the upper connecting rod (A) using the lamp head ring.

Install the lamp body bracket (E) onto the chassis (F), then secure them with screws. Next, attach the anti-slip pad (G) to the chassis (F). Then, lock the lower connecting rod (D) onto the lamp body bracket (E). After that, install the decorative piece (C) onto the upper connecting rod (A). Next, fix the upper connecting rod (A) onto the lower connecting rod (D). Finally, secure the lampshade (B) onto the lamp head of the upper connecting rod (A) using the lamp head ring.
