This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications. This product is suitable for indoor installation.

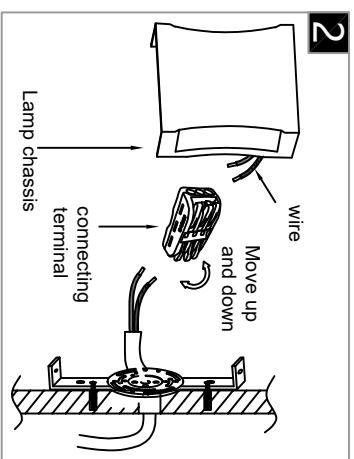

Product style diagram

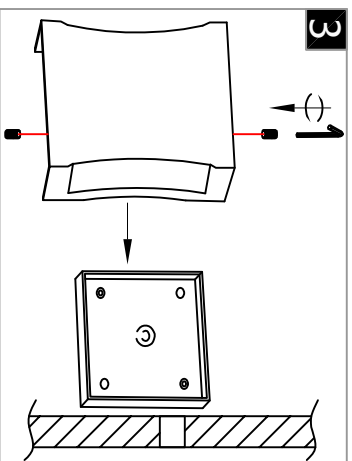

Steps of installation

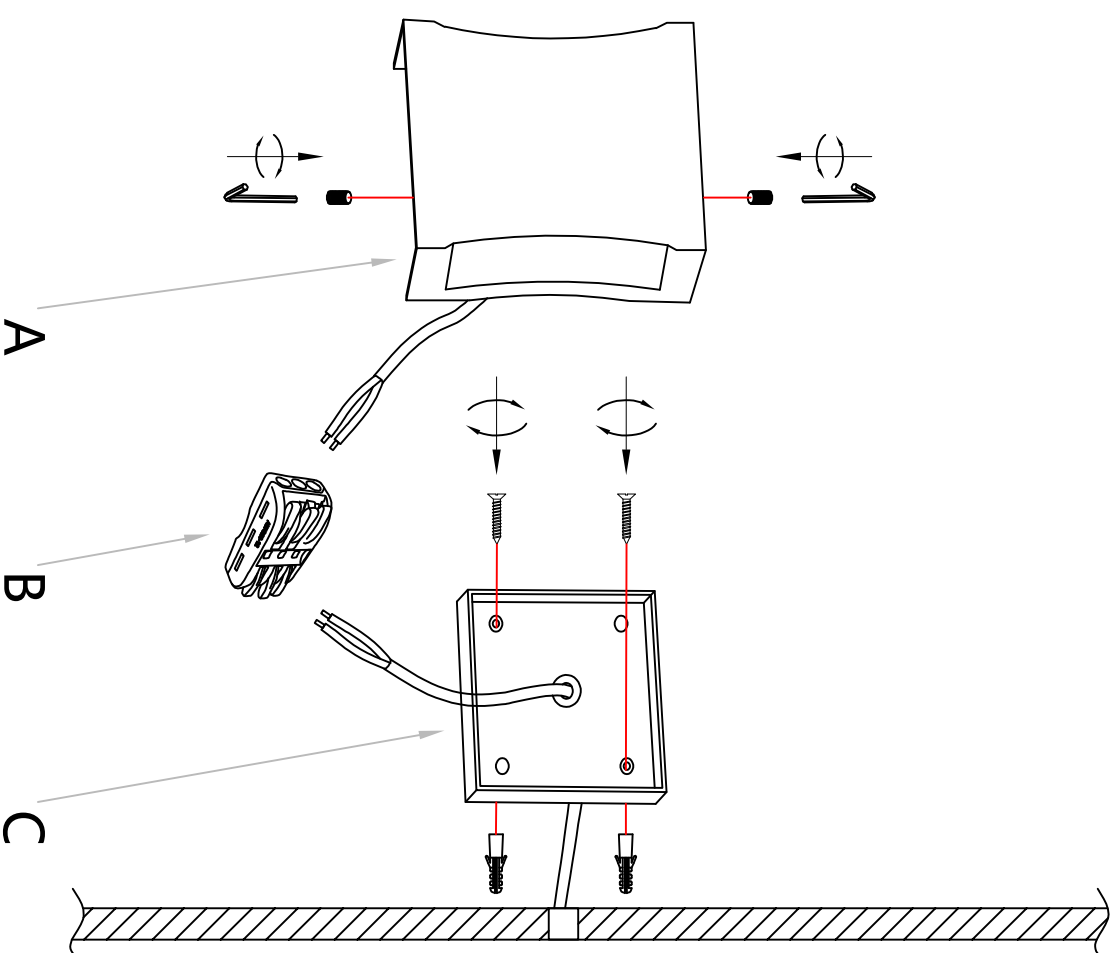

Fix the installation plate to the ceiling.

Use the quick connector to connect the wires of the lamp body to the wires on the wall.

Align the holes at the top and bottom of the lamp body with the screw holes on the mounting plate, and tighten the screws using an internal hexagonal wrench.

First, fix the mounting plate (C) to the wall.

Then, use the quick connector (B) to connect the wires of the lamp body (A) to the wires on the wall.

Next, align the holes at the top and bottom of the lamp body (A) with the screw holes on the mounting plate (C), and tighten the screws using an internal hexagonal wrench.
