

Warning:

This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications. This product is suitable for indoor installation.

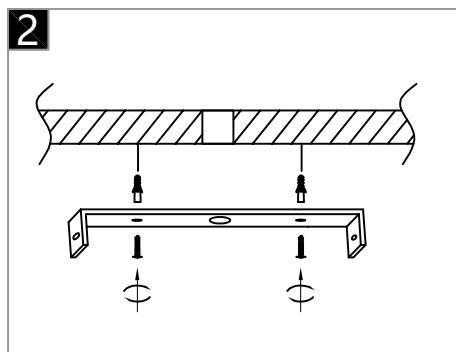

Product style diagram

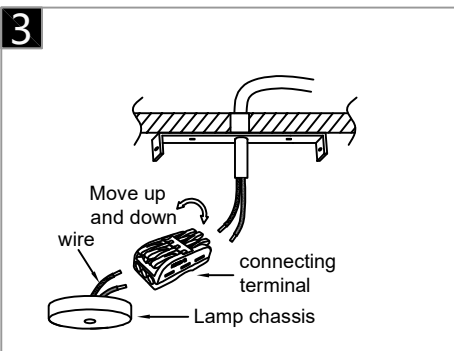

Steps of installation

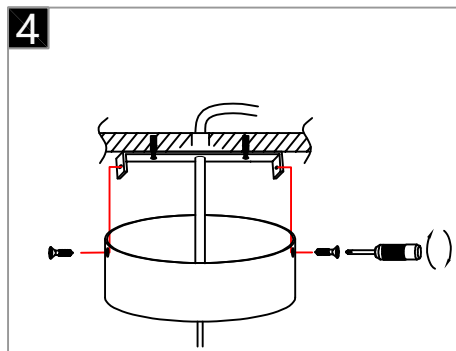

First, install the lamp ring onto the top cover according to the steps.

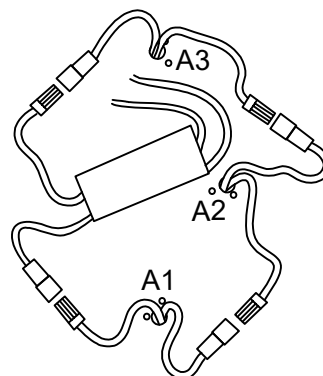

Attach the mounting plate to the ceiling with self-tapping screws.

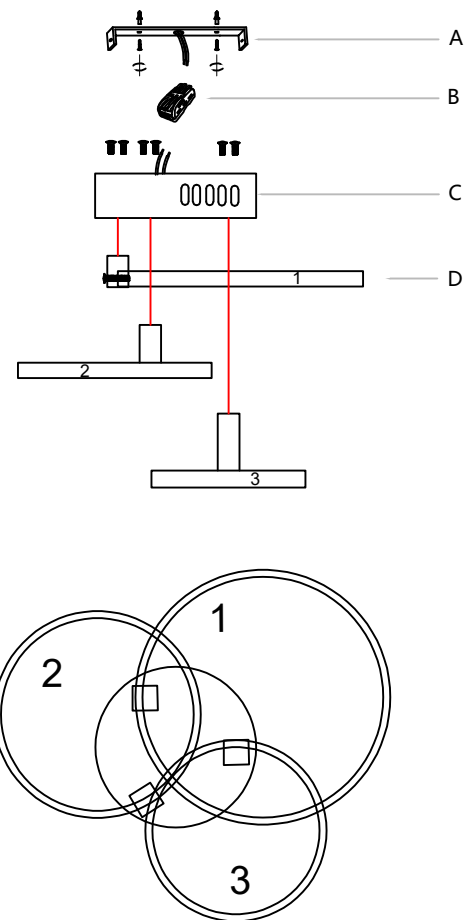

Connect the wires inside the luminaire and ceiling to the terminal, usually neutral wire (white), hot wire (black)

Align the holes on the top cover with the holes on the mounting plate, and then secure them with screws.

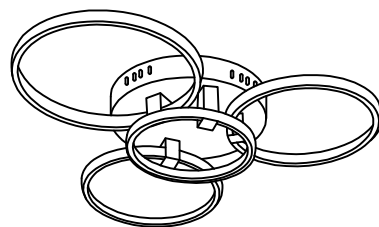

Circuit diagram

First, install the lamp ring (D) on the top cover (C), then tighten the screws. Next, fix the mounting plate (A) to the ceiling, then connect the wires of the top cover (C) to the wires on the ceiling and to the terminal block (B). Then align the holes on the top cover (C) with the holes on the mounting plate (A), and tighten the screws.

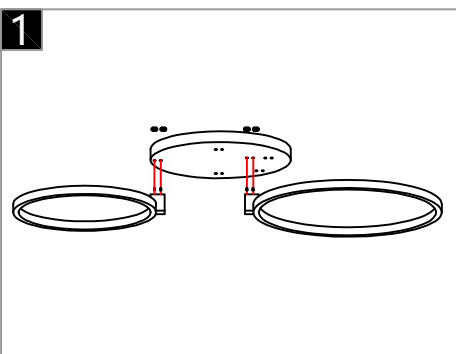

Warning:

This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications. This product is suitable for indoor installation.
