Installation Steps

1. Attach the swivel to the light bar.
2. Attach each light bar to the canopy with nuts, and connect wire of light bars into the transformer before lighting up once to make sure the light works well.
3. Put the bolts, nuts, washers and a mounting bracket together at the spacing of holes of the canopy.
4. Drill on the ceiling and put the expansion bolts in these holes.
5. Attach the canopy to the mounting bracket after fixing the mounting bracket on the ceiling.
