Product style diagram

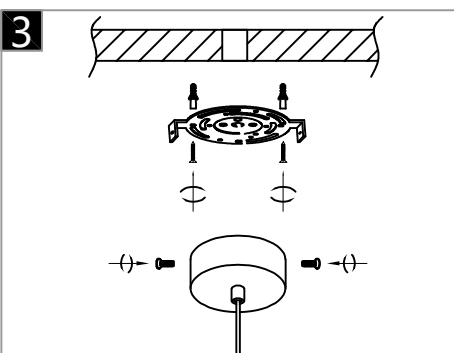

Steps of installation

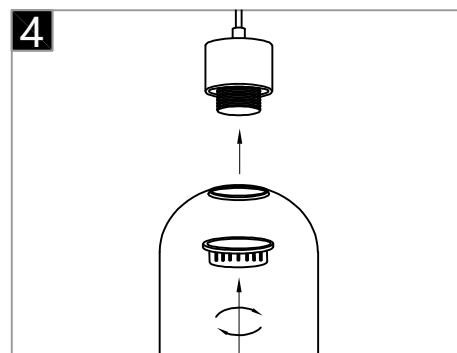

Fix the installation plate to the ceiling.

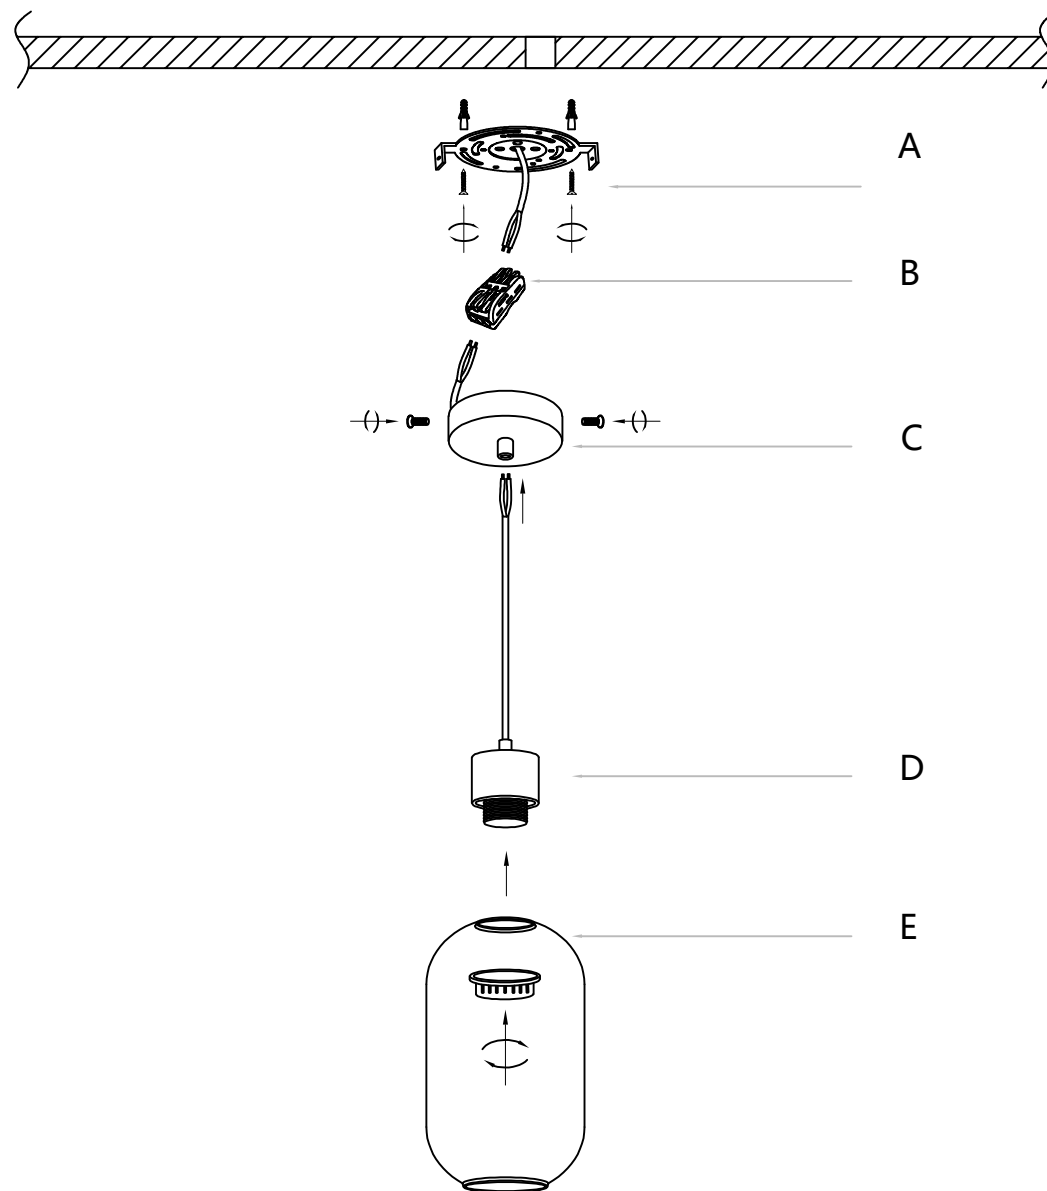

Connect the wires on the top cover to the wires on the ceiling and the terminal block.

Align the holes on the top cover with the holes on the installation plate, and tighten the screws.

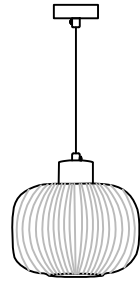

Remove the nut from the lamp base. Then, align the small holes of the lampshade with the threaded teeth of the lamp base, and fix it with the nut. Finally, install the bulb.

First, remove the nut from the lamp base (D). Then, align the small holes of the lampshade (E) with the threaded teeth of the lamp base (D), and fix it with the nut. Finally, install the bulb. Next, pass the wires of the lamp base (D) through the top cover (C), and then tighten the screws to secure it in place. Then, attach the mounting plate (A) to the ceiling. Next, use the terminal (B) to connect the wires of the ceiling with those of the top cover (C).
