Steps of installation

First, fix the expansion screws onto the ceiling, and then lock the mounting plate onto the screws.

Connect the wires inside the luminaire and ceiling to the terminal, usually neutral wire (white), hot wire (black)

Align the top cover hole position on the luminaire with the screws on the mounting plate and then secure from the bottom using the nut.

First, install the lamp ring (D) on the top cover (C), then tighten the screws. Next, fix the mounting plate (A) to the ceiling, then connect the wires of the top cover (C) to the wires on the ceiling and to the terminal block (B). Then align the holes on the top cover (C) with the holes on the mounting plate (A), and tighten the screws.
