

Installation Instructions

Model number: 2818-68

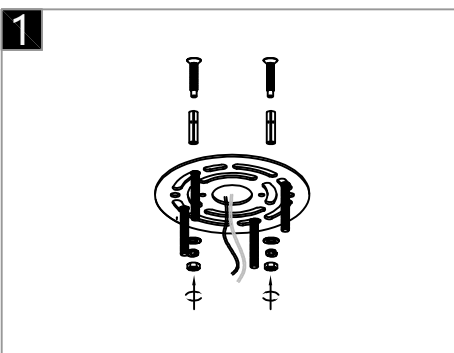

Warning:

This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications. This product is suitable for indoor installation.

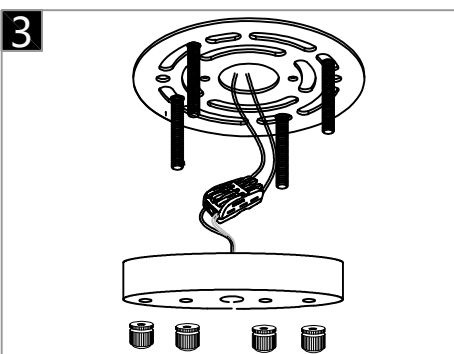

Product style diagram

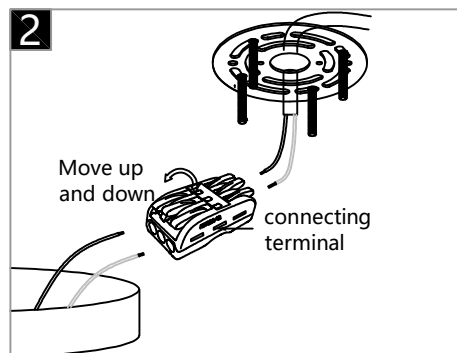

Steps of installation

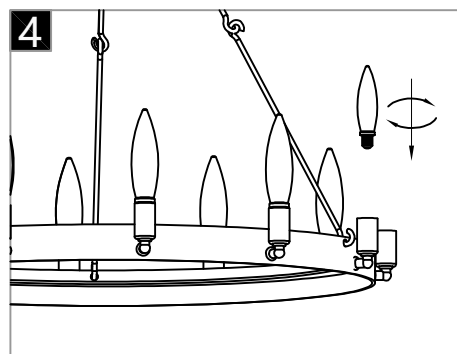

Fix the expansion screws onto the ceiling, and then lock the mounting plate onto the screws.

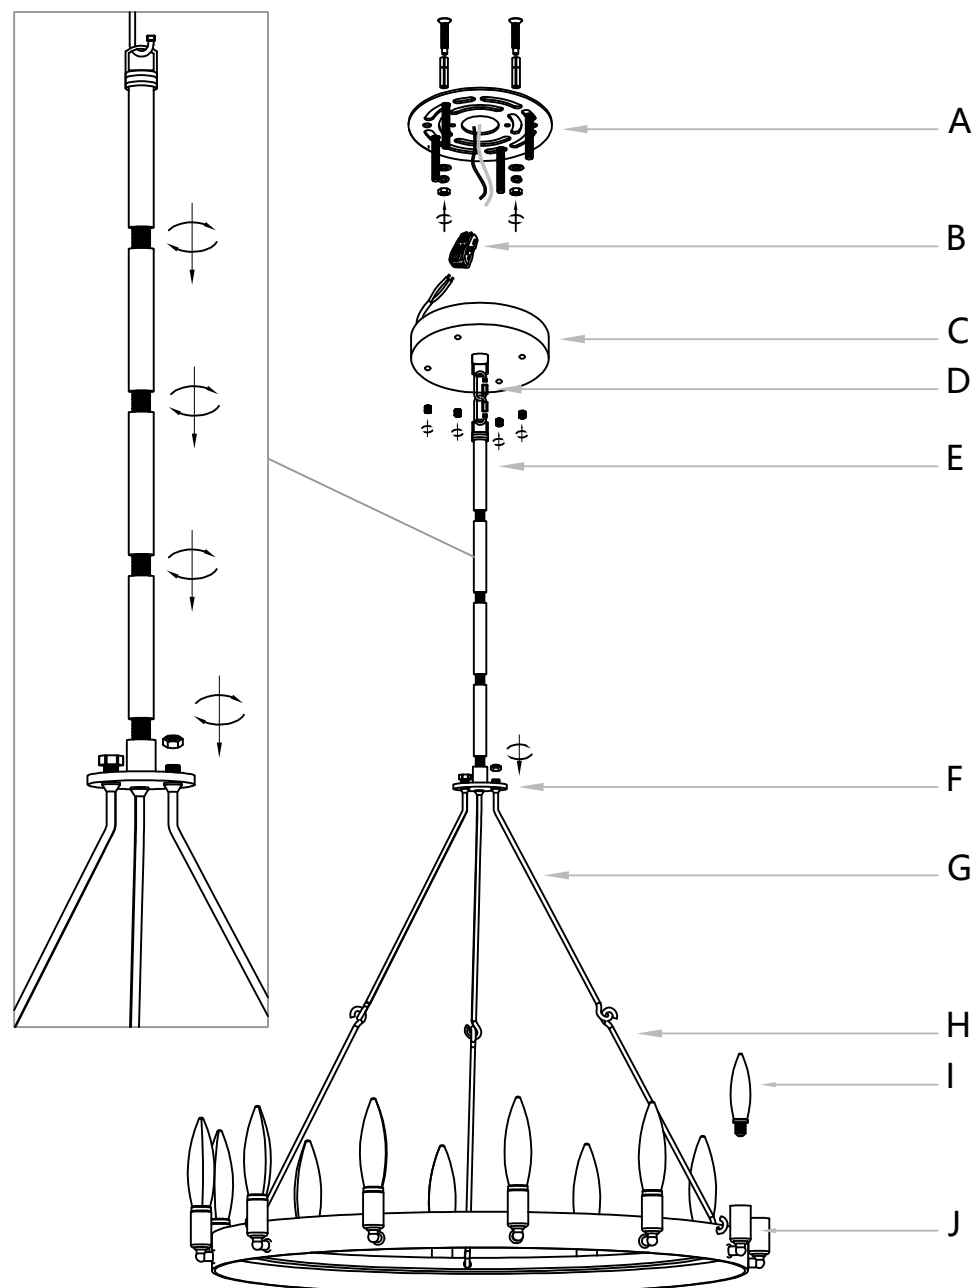

Align the top cover hole position on the luminaire with the screws on the mounting plate and then secure from the bottom using the nut.

Connect the wires inside the luminaire and ceiling to the terminal, usually neutral wire (white), hot wire (black)

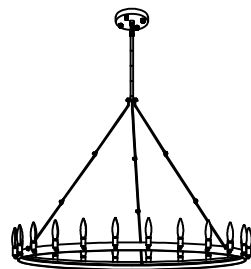

Install the bulb onto the lamp socket .

First, fix the iron hook (G) onto the T-shaped round piece (F). Then, assemble the lamp pole (E), pass the wires through it, and secure it onto the T-shaped round piece (F). Next, fix the mounting plate (A) to the ceiling and pass the wires through the top cover (C). Use the connection terminal (B) to connect the wires on the ceiling to those on the top cover (C). Then, align the holes on the top cover (C) with the threaded rods on the mounting plate (A), and tighten the nuts. Next, connect the iron hook (G) and the iron hook (H), and install them onto the lamp body (J). Then, use the moving hook (D) to connect the lamp pole (E) and the top cover (C). Finally, install the bulb (I) onto the lamp socket (J).
